EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Philip Von Neida, applicants' attorney, on Feb. 10, 2006.

The application has been amended as follows:

In claim 22 line 3, "into said reactor, feeding" has been replaced with --,--.

In claim 22 line 4, "into said reactor," and "feeding" have been deleted.

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The particular sequence of introducing the various feed gases into the reactor set forth in all of the applicants' independent claims is not taught or suggested by either European Patent Application 0 548 679 A1 or by the literature reference titled "Partial Oxidation of Methane Using the Redox of Cerium Oxide" by Otsuka et al. published in *Chemistry Letters*, pgs. 1517-1520 (1993). Further, note that applicants' claim 22 requires contacting the natural gas, oxygen-containing gas and carbon dioxide with the catalyst, whereas the process described in the Otsuka et al. article carries out a two step process in which the methane is contacted with the catalyst as a first step, and then the carbon dioxide is contacted with the catalyst as a second step.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy C. Vanoy whose telephone number is 571-272-8158. The examiner can normally be reached on Mon-Fri 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stanley Silverman, can be reached on 571-272-1358. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
